heli-skiing with snowcat back-up heli-skiing and boarding perfected

Heli-Skiing/Boarding offers the ultimate in mobility and access to vast skiing areas. Our tenure, over 5,500 square kilometers, is one of the largest in the world and offers a multitude of skiing options from huge open bowls and glaciers, to the steep and sheltered trees. Our location in BC's remote northwest offers one of the deepest and most reliable snowpacks on the planet, and with Snowcat back-up, we enjoy it every day!

When the weather is great we're usually enjoying the huge alpine bowls and glaciers with descents of more than 1650 vertical meters (5,500 feet). As the snow starts to fall and the visibility is reduced we move into the subalpine and the trees where the snow is deep and protected. When it's snowing so hard it becomes impossible to fly, we'll still be enjoying that fresh powder at it's deepest with the aid of our new Snow Cats. It's the best combination imaginable! Heli-Skiing and Boarding perfected!

General Package Information

The town of Terrace is reached via direct flights to and from Vancouver, British Columbia. Your Heli-Skiing/Boarding vacation commences with your arrival in Terrace on the evening of the first day of your package. You should plan to arrive in Vancouver by mid afternoon on that day in order to make the connection to Terrace where you will arrive at approximately 19:00. A company representative will meet you at the airport and will accompany you to the lodge.

Upon arrival at the lodge you will check into your rooms and meet for an informal orientation to the lodge and its amenities. A brief orientation to our program will be accompanied by a glass of champagne and tapas. After a day of travel we are sure that your pillow will be calling soon. For those looking for a night cap, our lounge is open until 22:30.

spectacular terrain
deep powder every day!

Your first morning is busy with several safety briefings. A hearty breakfast is followed by an introduction to our skiing program and the weeks' schedule. We will review our skiing and safety procedures and your pilot will go through a helicopter safety briefing. All guests will be required to sign our Release of Liability, Waiver of Claims, Assumption of Risks and Indemnity Agreement, a copy of which is printed in this Booklet.

You will be grouped according to your skiing desires and abilities. Every effort will be made to keep groups that are traveling together skiing together. However, we reserve the right to build the groups according to our safety guidelines. You'll notice that this is a reoccurring theme in everything we do; Safety First!

The rest of the week follows a more relaxed schedule:

07:30	Breakfast and guides daily announcement
08:30 – 09:00	Helicopters depart for skiing
12:00 ish	Lunch – a hearty meal in the mountains
15:30 – 17:00	Return to the lodge (weather and group dependent)
17:00 ish	Après ski snacks in the lounge
19:00	Dinner

The last day of your skiing/boarding package is a full day. You will return to the lodge at the regular time and you'll have plenty of time to clean up and change prior to checking out. A light meal will be served prior to departing for the airport. At this time we will be taking reservations for next year and making plans to see you again soon.

You will arrive in Vancouver by approximately 21:30. We recommend you spend the night at either of the fabulous Fairmont Hotels, the Fairmont Waterfront Hotel or the Fairmont Vancouver Airport Hotel.

Operations and Safety

Northern Escape Heli-Skiing has a comprehensive snow, weather and avalanche management system. Our guides are continually monitoring and collecting snow and weather information in an effort to assess hazards and choose suitable skiing/boarding terrain for each group. The guides meet twice daily to evaluate this information, plan the day and share the information obtained during the skiing/boarding day.

Each helicopter is equipped with first aid, oxygen, avalanche, rescue and survival equipment, as well as GPS, a satellite phone, and a VHF radio to maintain contact with the lodge and the guides.

Our guests are equipped with an avalanche transceiver and Snowpulse airbag backpack and provided instruction in their use prior to skiing/boarding. In addition to the equipment carried in our guides' packs, each group will carry additional safety equipment and a VHF radio capable of communicating with the guides and pilots. In the case of a medical emergency, both Terrace and Kitimat have fully equipped hospitals located within close ranges of our lodges.

Northern Escape Heli-Skiing is a member of the British Columbia Helicopter and Snowcat Skiing Operators Association, HeliCat Canada. This association sets strict standards for operating a helicopter and/or Snowcat skiing area. Only by skiing/boarding with a member of HeliCat Canada can you be assured of certified ski guides who follow a strict set of operating procedures. In addition, we participate in the Canadian Avalanche Association Professional Members Industry Information Exchange (InfoEx) between backcountry skiing operators and, together with other leading Heli-Skiing operators, we sponsor avalanche research projects with the University of Calgary.

Mountain Weather

Our Heli-Skiing program is dependant upon weather, snow and avalanche conditions, factors of which we have no control over and are difficult to predict. Therefore, Heli-Skiing is not always perfect and you should be prepared to ski in all conditions. In addition, the more fit you are the more you will enjoy your Heli-Skiing package with us.

Exclusion of Liability and Assumption of Risks

Please read carefully. Wilderness skiing and snowboarding involve risks, dangers and hazards in addition to those normally associated with downhill skiing and snowboarding at a ski area. These risks, dangers and hazards are outlined in our Release of Liability, Waiver, of Claims, Assumption of Risk and Indemnity Agreement, a sample of which is reprinted within this booklet. All guests are requested to read and required to sign this agreement before participating in our program. This agreement will affect your legal rights should you be involved in an accident. DEFINITIONS

In this Release Agreement, the term "wilderness activities" shall include all activities, accommodation, transportation, events and services provided, arranged, organized, conducted, sponsored or authorized by the Releasees and shall include but is not limited to: skiing, snowboarding, snowmobiling, hiking, snowshoeing and other form of backcountry travel; rental or use of skis, snowboards or other equipment; demonstrations; orientational and instructional courses; loading, unloading and travel by or movement in or around helicopters, snowcats, snowmobiles and motor vehicles; and other activities, events and services in any way connected with or related to wilderness activities.

AVALANCHE AIRBAG SYSTEM

The Avalanche Airbag System ("AAS") consists of a backpack integrating an airbag system which is inflated by manually pulling an activation handle. Once inflated, an AAS may assist in keeping a person caught in an avalanche closer to the surface, thus potentially increasing the chances of survival. The AAS may not always inflate and may not protect the user against trauma during an avalanche.

ASSUMPTION OF RISKS - AVALANCHES, ALPINE TERRAIN, WILDERNESS TRAVEL, WEATHER ETC. I am aware that wilderness activities involves risks, dangers and hazards. Avalanches occur frequently in the terrain used for wilderness activities and may be caused by natural forces or by persons travelling through the terrain. I acknowledge and accept that the Releasees may fail to predict whether the alpine terrain is safe for wilderness activities or whether an avalanche may occur. The terrain used for wilderness activities is uncontrolled, unmarked, not inspected and involves many risks, dangers and hazards in addition to that of avalanche. These may include, but are not limited to: cornices; crevasses; cliffs; trees, tree wells and tree stumps; creeks; rocks; boulders; forest deadfall; holes and depressions on or below the snow surface; cliffs; variable and difficult snow conditions; snowcat roads and road banks, fences, and other man-made structures; snow immersion; impact or collision with other persons or objects; becoming lost or separated from one's party or guide; negligence of other persons, including other guests; and **NEGLIGENCE ON THE PART OF THE RELEASEES. I UNDERSTAND THAT NEGLIGENCE INCLUDES FAILURE ON THE PART OF THE RELEASEES TO TAKE REASONABLE STEPS TO SAFEGUARD OR PROTECT ME FROM THE RISKS, DANGERS AND HAZARDS OF WILDERNESS ACTIVITIES.** Communication in the alpine terrain is difficult and in the event of an accident, rescue and medical treatment may not be available. Alpine weather conditions may be extreme and can change rapidly and without warning, making travel by helicopter, snowcat or snowmobile hazardous.

I AM AWARE OF THE RISKS, DANGERS AND HAZARDS ASSOCIATED WITH WILDERNESS ACTIVITIES AND I FREELY ACCEPT AND FULLY ASSUME ALL SUCH RISKS, DANGERS AND HAZARDS AND THE POSSIBILITY OF PERSONAL INJURY, DEATH, PROPERTY DAMAGE OR LOSS RESULTING THEREFROM.

NOTICE TO SNOWBOARDERS AND TELEMAR SKIERS - INCREASED RISK

Unlike alpine ski boot/binding systems, snowboard and some telemark boot/binding systems are not designed or intended to release and will not release under normal circumstances. The use of a safety strap or retention device by snowboarders or telemark skiers without ski brakes will increase the risk of not surviving an avalanche.

RELEASE OF LIABILITY, WAIVER OF CLAIMS AND INDEMNITY AGREEMENT

In consideration of **THE RELEASEES** allowing me to participate in wilderness activities, I hereby agree as follows:

- 1. TO WAIVE ANY AND ALL CLAIMS** that I have or may in the future have against **THE RELEASEES AND TO RELEASE THE RELEASEES** from any and all liability for any loss, damage, expense or injury including death that I may suffer or that my next of kin may suffer as a result of my participation in wilderness activities, **DUE TO ANY CAUSE WHATSOEVER, INCLUDING NEGLIGENCE, BREACH OF CONTRACT, OR BREACH OF ANY STATUTORY OR OTHER DUTY OF CARE, INCLUDING ANY DUTY OF CARE OWED UNDER THE OCCUPIERS LIABILITY ACT, R.S.B.C. 1996, c. 337, ON THE PART OF THE RELEASEES. I UNDERSTAND THAT NEGLIGENCE INCLUDES FAILURE ON THE PART OF THE RELEASEES TO TAKE REASONABLE STEPS TO SAFEGUARD OR PROTECT ME FROM THE RISKS, DANGERS AND HAZARDS OF WILDERNESS ACTIVITIES REFERRED TO ABOVE;**
2. TO HOLD HARMLESS AND INDEMNIFY THE RELEASEES from any and all liability for any property damage or personal injury to any third party resulting from my participation in wilderness activities;
3. This Release Agreement shall be effective and binding upon my heirs, next of kin, executors, administrators, assigns and representatives, in the event of my death or incapacity;
4. This Release Agreement and any rights, duties and obligations as between the parties to this Release Agreement shall be governed by and interpreted solely in accordance with the laws of the Province of British Columbia and no other jurisdiction; and
5. Any litigation involving the parties to this Release Agreement shall be brought solely within the Province of British Columbia and shall be within the exclusive jurisdiction of the Courts of the Province of British Columbia.

In entering into this Release Agreement I am not relying on any oral or written representations or statements made by the Releasees with respect to the safety of wilderness activities, other than what is set forth in this Release Agreement.

I CONFIRM THAT I HAVE READ AND UNDERSTOOD THIS RELEASE AGREEMENT PRIOR TO SIGNING IT, AND I AM AWARE THAT BY SIGNING THIS RELEASE AGREEMENT I AM WAIVING CERTAIN LEGAL RIGHTS WHICH I OR MY HEIRS, NEXT OF KIN, EXECUTORS, ADMINISTRATORS, ASSIGNS AND REPRESENTATIVES MAY HAVE AGAINST THE RELEASEES.
